

# MAMMOTH 800

## Mammoth 800

Engine	799cc, 3 Cylinder, Water Cooled (Manual Choke)
Max Torque	36.7HP / 60NM
Transmission	CVT Belt Fully Automatic, 2WD / 4WD with Locking Rear Differential
Suspension	Independent Front Suspension with Adjustable Shocks. Heavy Duty Rear Swing Arm with Adjustable Shocks
Tires	(Front) 25x8-12, (Rear) 25x10-12
Top Speed	40ml + (in High Range)
Color	Camo
Others	Head Light, Tail Light, Horn, Seat Belts, Hydraulic Lift Bed. Also available as optional extras are windscreen , roof top and back glass.

This monster boast a size of 117" X 64" x 74" (LxWxH), and a whopping 799cc, 3 cylinder engine producing 37 HP.

Top that off with an awesome Automatic transmission featuring High/Low Range and Reverse, 2WD/4WD and a locking differential. Add to that a heavy duty chassis, 4 wheel disk brakes with a hydraulic booster, 25" tires on 12" rims, monster roll cage, oversized seating for 2, huge push bumper, Class 1 hitch with tons of towing power to tow (60 NM of torque), tilting bed with collapsible or removable sides (makes a flat bed), cool camo finish, plenty of leg room, easy to read gauges, tons of storage and you have one Mammoth of a machine.
